DON'T BE FOOLED BY THE

VENEER THICKNESS

> SMALL BUT MIGHTY

From the Forest developed an engineered 1mm top layer veneer that is protected by eight layers of durable topcoat WearMax™ finish and combined with an impact resistant high-density fiberboard core for maximum durability and strength.

> WARRANTY PROTECTED

From the Forest's superior engineered hardwood collections are backed with a Limited Lifetime Residential Warranty and a 10 Year Light Commercial Warranty for peace of mind.

> EXTREME DURABILITY

This innovative engineered hardwood floor is two times more resistant to dents and long-term use by combining state of the art veneer and core technology with WearMax™ finish.

THE INDUSTRY'S

BEST TOP COAT

Featuring **WEARMAX**® ...advanced ceramic finish

2X MORE
WATER
REPELLANT

ADVANCED FORMULA RESISTS:

- STAINS

Spills and messes are easy to clean up and help keep you feeling worry-free

- WEAR

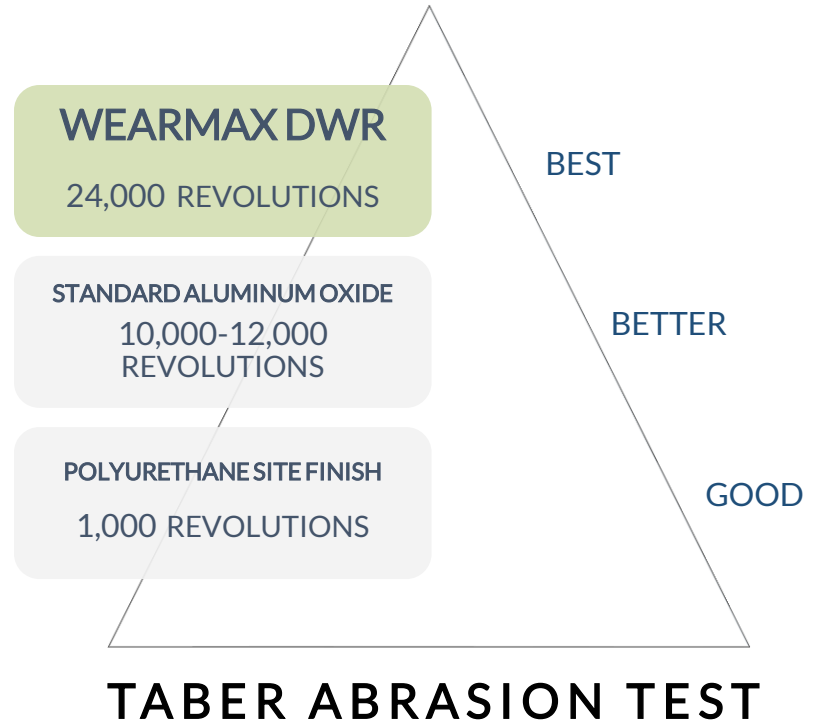

Walking patterns are invisible, and gloss maintains luster over time

- SCUFFS

Normal daily grit and grime damage is prevented

- FADING

UV inhibitors in the top coat work together to reduce the natural effects of the sun

WearMax DWR is made with the highest grade of Aluminum Oxide and is two times more abrasion resistant than standard Aluminum Oxide
